Second Circular

Third Workshop on

"Time Asymmetric Quantum Mechanics and Rigged Hilbert Space Mathematics"

August 7-11, 2000

Department of Physics, Metallurgy and Material Science - Research Group Doebner

1. General Information:

The workshop will be held from Monday, August 7 until Friday, August 11 at the Technical University (Research Group Doebner) Leibnizstrasse 10, D-38678 Clausthal-Zellerfeldt, Germany. The participants are expected to arrive on Sunday, August 6. Sunday, August 6 will include registration and a welcome meeting during the evening. The conference office is on the 2nd floor, Leibnizstrasse 10, Tel. (05323) 722316.

Lectures and discussions are planned from Monday through Thursday. The subject of these lectures and discussions will be sent to you with the 3rd circular. Please write us the title of your lecture and the subjects you would like to have discussed. We plan to start the lectures in the morning at 9.30h with a lunch break around 13h. The discussions will be continued in the afternoon and possibly also in the evening.

The lectures and discussions will take place at the lecture hall of the building Leibnizstarre 10. Desks and computer terminals will be provided in the same building.

The workshop will officially close on Thursday evening. However, some arrangements may be made for those who want to continue independent discussions and to complete their work on Friday. The participants will be expected to have vacated the workshop facilities by 13h on Friday.

For Friday, an optional excursion to the World Exhibition EXPO 2000 in Hannover is planned. The participants who wish to go to Hannover should pay for their own expenses (trip, food, souvenirs, etc.). The entrance fee is approximately 35 dollars and the train ticket (from Goslar) approximately 15 dollars. Please let us know if you want to participate in the trip to EXPO 2000. For all those who are not interested in going to Hannover on Friday, there will be possibilities for excursions to the countryside.

2. Registration and Accommodation:

On Sunday, August 6 from 16-19h there will be registration at the secretary office. The phone and fax number of the secretary office is +49 5323/72-2375 - or- 2316. If you have difficulties do not hesitate to call H.-D. Doebner (05321/26682).

Participants are requested to pay upon arrival in Clausthal a registration fee of DM 100,00 (for coffee etc.) The accommodation is arranged in a hotel, and for students and postdocs in a student dormitory.

3. Travel information

The nearest train station is Goslar, 20 km north of Clausthal. There are frequent train connections from Hannover to Goslar and from Frankfurt to Goslar via Göttingen. From Goslar (railway station) Clausthal can be reached by bus (price 5,20 DM) or taxi (price about 40,00 DM).

Please notify us by 25 April of your accommodation needs, although we would appreciate if you confirmed your participation status as soon as possible. Send correspondence to

bohmwww@physics.utexas.edu (A. Bohm)

with a copy to

asi@pt.tu-clausthal.de (H.-D. Doebner)

with the following information:

1. Date of arrival and departure.
2. Hotel accommodation in Goldene Krone or Calvor Hotel: double or single room. We will take care of the reservation and inform you.
3. A brief description of the problem in Time Asymmetric Quantum Mechanics that you would like to discuss.

Sincerely,

Arno Bohm
